Introduced

House Bill 4274

BY DELEGATES HOTT, D. JEFFRIES, D. KELLY, TULLY,
JENNINGS, DEAN, MALLOW, LONGANACRE, WORRELL,
KIMBLE, AND ROWAN

[Introduced January 19, 2022; Referred to the
Committee on Health and Human Resources then the
Judiciary]

1 A BILL to amend the Code of West Virginia, 1931, as amended, by adding thereto a new section,
 2 designated §16-3-4b, relating to the prohibition of discrimination based upon the vaccine
 3 status of an individual.

Be it enacted by the Legislature of West Virginia:

**ARTICLE 3. PREVENTION AND CONTROL OF COMMUNICABLE AND OTHER
 INFECTIOUS DISEASES.**

§16-3-4b. Prohibiting discrimination based upon vaccine status.

1 It shall be an unlawful discriminatory practice for a healthcare provider to provide lesser
 2 or disparate treatment to a patient based upon their vaccination status. A healthcare provider may
 3 implement reasonable accommodation measures to protect the safety and health of employees,
 4 patients, visitors, and other persons from COVID-19; however, a healthcare provider may not
 5 refuse to treat a patient based upon their vaccination status, nor may they provide lesser or
 6 disparate treatment to patients based upon that vaccination status.

NOTE: The purpose of this bill is to ensure that hospitals do not provide lesser treatment to unvaccinated individuals as opposed to vaccinated individuals.

Strike-throughs indicate language that would be stricken from a heading or the present law and underscoring indicates new language that would be added.
